

Radiochemistry

SOCOTEC's radiochemical laboratory offers a broad range of radiochemical testing on a variety of sample matrices, providing our customers with an expert analytical support service.

Our skilled team provides UKAS accredited* analytical support for monitoring and decommissioning projects for the nuclear sector and across a range of other markets.

Services include:

- Radiochemical analysis
- Nuclear fingerprinting
- HSE approved bioassay analysis
- In-house MCERTS accredited chemistry
- Asbestos testing
- Potable water analysis for drinking water regulations
- Import/export food and feed analysis
- NORM analysis for the oil and gas industry

* A listing of SOCOTEC's UKAS accredited activities can be found in our schedule of accreditation – Testing Laboratories 1015 and 1089 – at socotec.co.uk
