

**SOCOTEC**

**BUSINESS READY**

## SUPPORTING A SAFE BUSINESS RECOVERY PROGRAMME

To ensure that your facilities are safe, compliant and operational in the wake of the Coronavirus pandemic, SOCOTEC's range of testing, inspection and compliance services provides a complete solution to support and guide organisations through these challenging times. As part of this offering, SOCOTEC can also deliver a range of COVID-secure packages which aim to provide organisations with the confidence and peace of mind that they are 'business ready', ready for employees to safely return to the workplace and open for business.

With **BUSINESS READY**, prepare your business for restart and recovery:

- › Define your business resumption plan
- › Update your business continuity plan
- › Lead your crisis management strategy

### SECURE

- › Online training - 2 hours
- › Covid-19 Risk Assessment audit materials for self-completion

#### SECURE PLUS

- › As above plus verification of completed Risk Assessment
- › Access to consultancy support for 1 month via dedicated email

### ASSURANCE

- › Site audit of premises in-line with Government guidance
- › Report containing recommendations and corrective actions
- › Certificate of assurance

#### ASSURANCE PLUS

- › As above plus environmental swab testing to determine the presence of SARS-CoV-2 (Coronavirus) strains in the premises (minimum 5 swabs)

### CERTIFICATION

Certify that your business is operational and safe with respect to the pandemic.

- › Communicating with staff representative bodies
- › Certification
- › Training
- › Information with customers and stakeholders
