

Health, Safety and Environmental Support

Having good systems in place reduces your risks, enhances your reputation with clients, and reassures employees that they are well cared for. All employers must appoint someone competent to help meet their health & safety duties. Companies with more than five employees must also have a written health & safety policy.

WHY CHOOSE US?

SOCOTEC focuses on what our clients can do, not on what they can't. We make compliance simple.

- We never simply apply standard repetitive methods, instead taking our time to understand client requirements
- We have a collaborative approach, working with you to find the best, most practical solutions
- Our online management system keeps all of your policies, guidance, training records and compliance information together in one place
- We have a wide range of experience supporting small to medium sized businesses and give advice tailored to the activities of your organisation
- We have multiple qualifications and consultants registered with OSHCR, so you can rest assured that everything will be completed to a high standard.
